

THE ALL-NEW ELECTRIC GLC

Mercedes-Benz

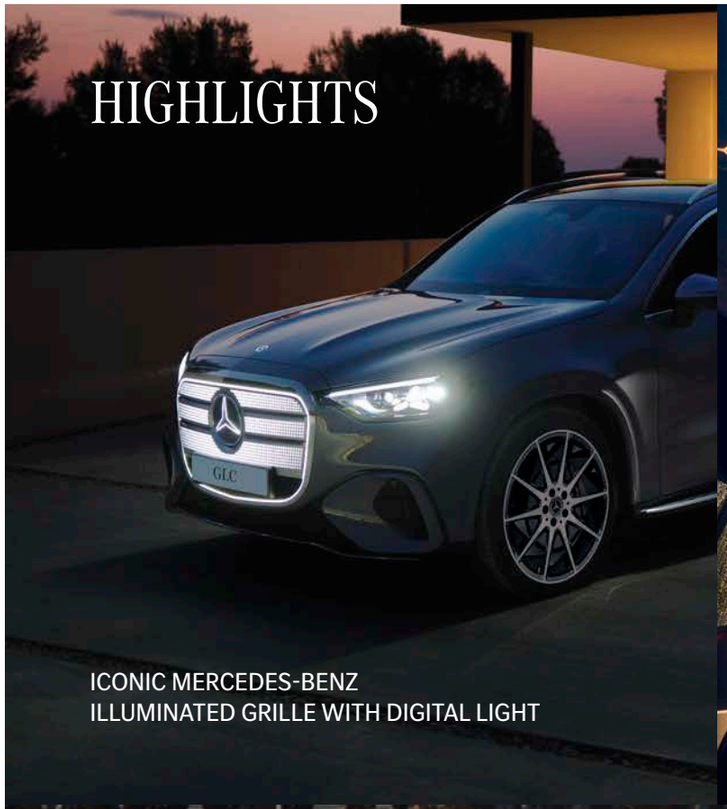

Home is a familiar feeling.
Not just one you drive back to.
But one that rides with you,
no matter where you're headed.

The new electric GLC is built around that feeling.
With intelligence that puts you first and an intuition,
second only to yours.

A space where the comfort of a warm hug
meets the wonders of a sky full of stars.
Here's a familiar feeling, taking a new form.

The all-new electric GLC.
Welcome home.

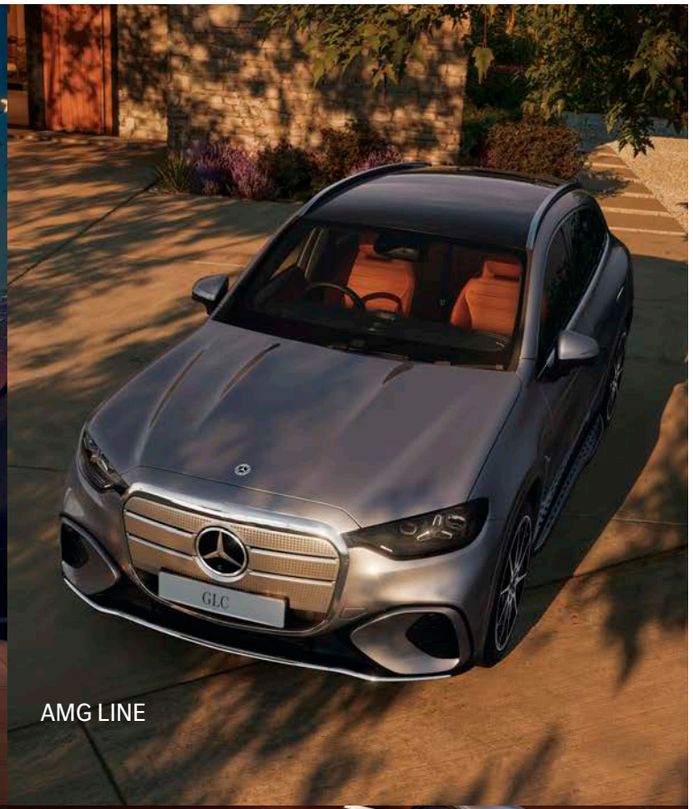

HIGHLIGHTS

ICONIC MERCEDES-BENZ
ILLUMINATED GRILLE WITH DIGITAL LIGHT

SKY CONTROL PANORAMIC ROOF
WITH ILLUMINATION

AMG LINE

MBUX HYPERSCREEN

BURMESTER® 3D SURROUND SOUND SYSTEM

A STARRY PRESENCE.

EXTERIOR

The iconic Mercedes-Benz grille, 20-inch AMG light-alloy wheels and sculpted AMG bodystyling give your Star a striking silhouette. Aluminium-look running boards add an off-road edge and an easier step inside. The brushed stainless-steel AMG sports pedals and black velour AMG floor mats then set the tone. At the door, illuminated stainless-steel sill panels mark where the world ends and yours begins.

THE STAR OF THE SHOW.

As daylight fades, the iconic Mercedes-Benz grille reveals a second character. Circumferential fibre optics, seamlessly integrated into the chrome trim, make the illuminated grille frame glow like fine jewellery, and the 942-pixel panel orchestrates a welcome and a farewell that's distinctly Mercedes-Benz. At its centre, the partially illuminated Mercedes star rises from the front panel. Wherever the night leads, the Star goes first.

LIGHTS WILL GUIDE YOU HOME.

The DIGITAL LIGHT system works like a high-performance projector. With topographical compensation, its beam follows every bend, rise and dip, and adapts to the weather and traffic around you.

Adaptive high-beam Assist Plus with dynamic ULTRA RANGE high-beam extends the night impressively far ahead. Precise LED control cuts every vehicle ahead or oncoming out of the light cone, so the full beam can stay on without dazzling anyone.

THE WELCOME.

Flush-fitting door handles extend on approach and retract when you lock or drive away, improving aerodynamics. With KEYLESS-GO, doors unlock as you approach and lock at a touch.

HANDS-FREE ACCESS opens the tailgate with a kick beneath the bumper. The EASY-PACK tailgate opens at a button, to a programmable opening height.

SIGNATURE MOVE.

The GLC's story begins at your feet. Unlock it, and LED surround lighting projects the Mercedes-Benz logo beside the front doors. Open a door, and it becomes an animated Mercedes-Benz pattern, lighting your way in and out after dark.

A TOUCH OF STAR POWER.

Most badges are content to be admired. This one has a second talent. Touch the Mercedes-Benz badge on the bonnet, and the frunk unlocks, revealed by the most recognised emblem in motoring.

Prefer to stay seated? A button in the driver's door does the same. Admire it, or ask something of it – the Star obliges either way.

ROUND OF APPLAUSE.

20-inch AMG light-alloy wheels in 10-spoke design, aerodynamically optimised, painted high-gloss black with high-sheen finish.

MAKE YOURSELF AT HOME.

INTERIOR

SKY FULL OF STARS.

Most cars give you a roof. The GLC - the night sky. Illuminated Mercedes-Benz stars glow across the panoramic glass, colour-matched to the ambient lighting, dimmed, or switched off. The layers within, much like those in the atmosphere, offer thermal, heat and UV protection.

SKY CONTROL turns the glass from crystal-clear to opaque at a touch, setting the cabin's light, privacy, and warmth. Starry or still, open or private, the sky answers to you.

A DISPLAY OF AFFECTION.

Stretching across the dashboard, the 99.3 cm (39.1") MBUX Hyperscreen brings the driver, central and front passenger displays together beneath a single seamless glass surface. Powered by an intelligent zero-layer interface, it anticipates what you need and puts the right functions within reach.

A dedicated passenger display means two people never compete for the view. Swipe to move between colour schemes and emotional modes: from crackling campfire to lively aquarium, all in 8K visual brilliance, true blacks, and a responsive 120 Hz display.

A WORLD OF YOUR MAKING.

Cities rarely lower their voice. The GLC keeps the noise outside. Acoustic glass on the windscreen and front side windows holds back sound and heat.

ENERGIZING AIR CONTROL monitors the air, filters fine dust and a wide range of inhalable pollutants, and switches between fresh and recirculated air automatically. THERMATIC AUTOMATIC CLIMATE CONTROL sets two climate zones for driver and front passenger, held steady by automatic air distribution.

FAMILIAR FACES.

Most cars ask for a key. The GLC asks only for you. The interior camera recognises your face and opens your profile before you touch a setting. It's also your lens for video conferences, selfies and trip videos.

LIGHT IT UP.

In the GLC, golden hour lasts as long as you like. A line of light runs from windscreen to rear doors, bathing the cabin in your evening's colour. Active ambient lighting brings visual intelligence to the cabin, using animated light effects to respond to temperature changes, music, MBUX interactions and selected driver assistance or parking warnings.

Choose from 64 colours, 11 colour schemes, 20 brightness levels and 3 dimming zones. Ambient Lighting Plus adds a line along the centre console.

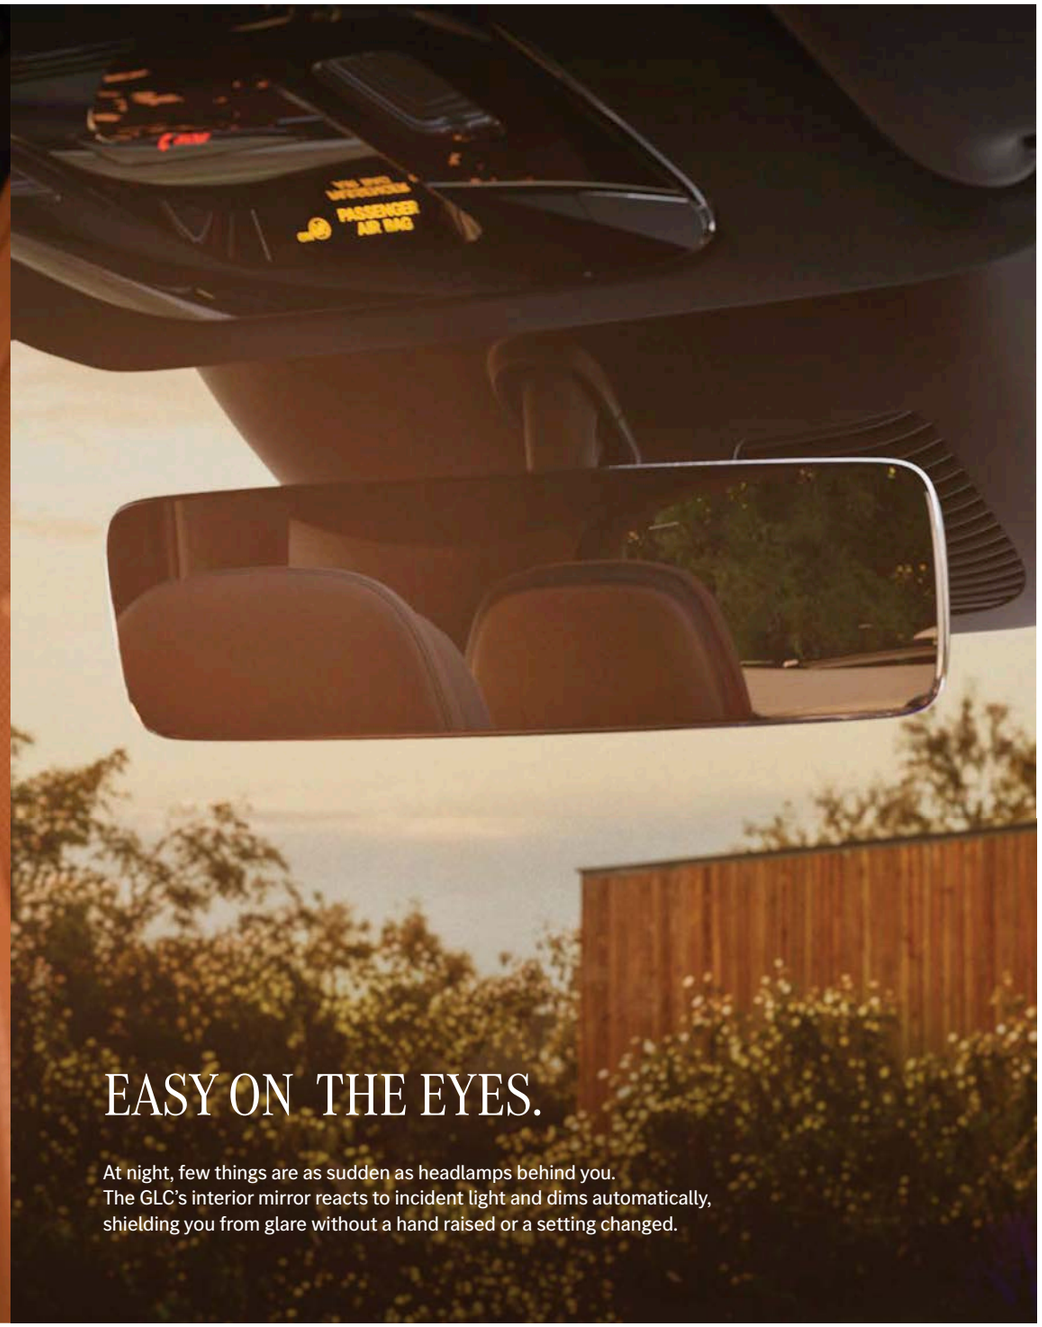

POINTS OF CONTACT.

Some of the best conversations happen without words. Your hands settle into the deeply contoured Nappa leather grips of the flat-bottomed sports steering wheel. Roller and rocker switches work alongside touch-sensitive controls, keeping navigation, entertainment and vehicle settings close and distractions farther away.

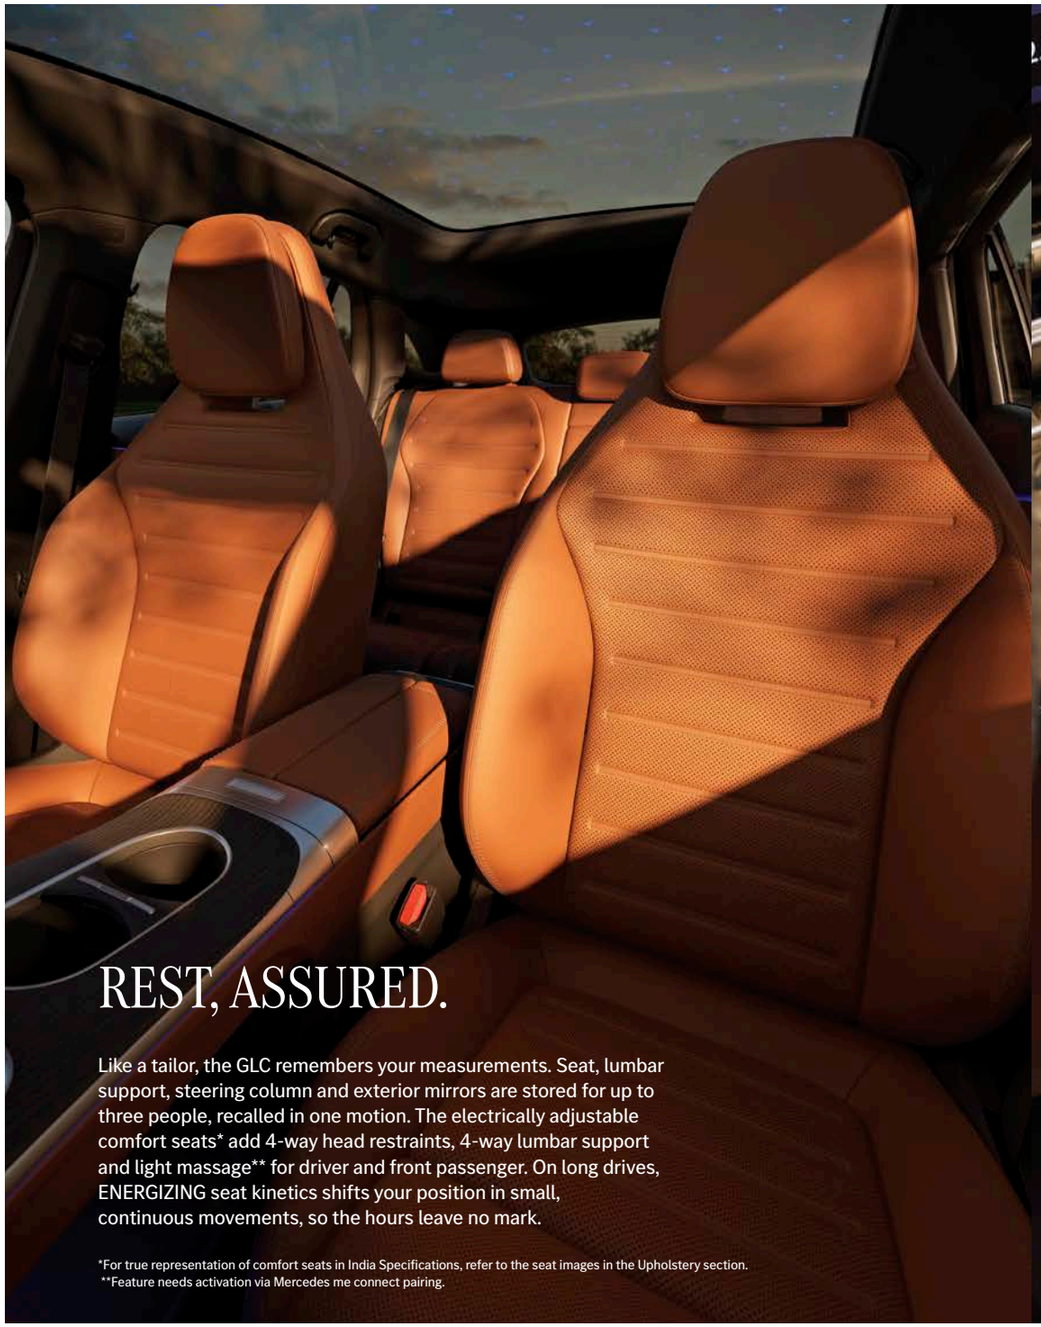

ROOM FOR MORE.

A good cabin keeps pace with your plans.
The GLC's 40/20/40 split-folding rear seat backrests fold individually or all at once, opening a long loading area in no time.

EASY ON THE EYES.

At night, few things are as sudden as headlamps behind you.
The GLC's interior mirror reacts to incident light and dims automatically, shielding you from glare without a hand raised or a setting changed.

REST, ASSURED.

Like a tailor, the GLC remembers your measurements. Seat, lumbar support, steering column and exterior mirrors are stored for up to three people, recalled in one motion. The electrically adjustable comfort seats* add 4-way head restraints, 4-way lumbar support and light massage** for driver and front passenger. On long drives, ENERGIZING seat kinetics shifts your position in small, continuous movements, so the hours leave no mark.

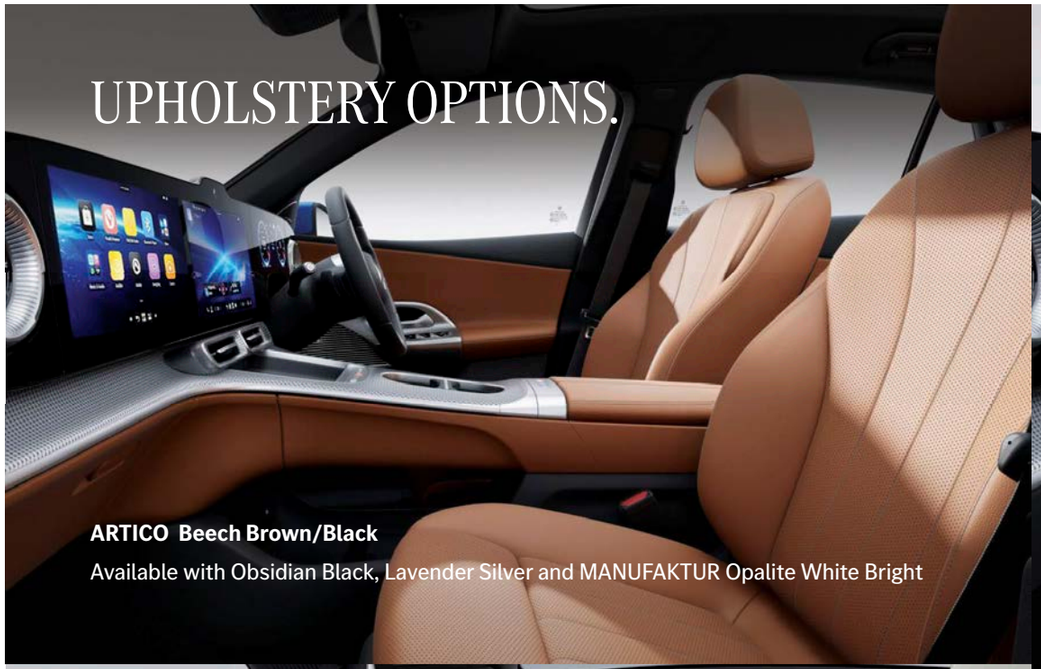

*For true representation of comfort seats in India Specifications, refer to the seat images in the Upholstery section.
**Feature needs activation via Mercedes me connect pairing.

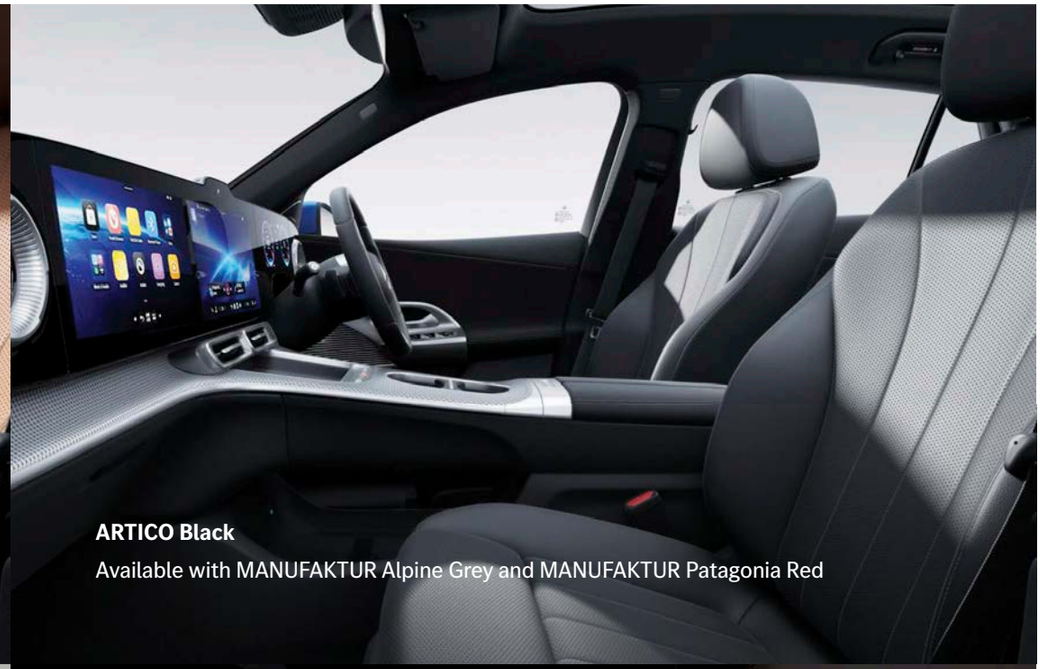

PLUGGED IN.

The GLC knows a thing or two about staying charged. Set any compatible smartphone in the oddments tray, and it charges wirelessly. Four fast-charging USB-C ports, two front and two rear, give every passenger a place to plug in.

MIND BEHIND THE MACHINE.

TECHNOLOGY & INFOTAINMENT

MB.OS.

Step into the first Mercedes-Benz SUV in India powered by the next-generation MB.OS architecture, enabling AI-driven personalisation, intelligent navigation, Level 2 ADAS* with 8 cameras, 5 radars and 12 ultrasonic sensors, OTA updates and an evolving ownership experience.

*Feature needs activation via Mercedes me connect pairing.

CONDUCTED BY YOU.

You lead, and the music follows. The GLC's MBUX multimedia system adapts to you, for information and entertainment alike. Direct it from the brilliant media display, the steering wheel touch fields or the touchpad, whichever suits you.

READ AHEAD.

Every road has a story, and the GLC reads it first.
MBUX Navigation combines high-resolution satellite images with online guidance plus live traffic and charging station availability. Live Traffic Information steers you around jams.
At complex junctions, MBUX Augmented Reality for Navigation overlays the live camera view with 3D arrows and street names.

TUNED TO YOU.

Inside the GLC, the concert hall is built around you. Fifteen speakers and 670 watts of output give the Burmester® 3D sound its depth, with Dolby Atmos® perfectly placing every instrument.
Sound can focus on the occupied rows or the driver's seat alone.
You can adjust the sound profile settings based on what you would love to hear and it saves it to your personal profile.

THE SHOW MUST GO ON.

Some journeys are worth extending. The GLC's Digital Extras include three years* of in-car App Store access, bringing films, music, games and a mobile office aboard. For seamless access to the full range of entertainment package services, an active internet connection via mobile hotspot or Wi-Fi is essential. Once connected, you can enjoy a rich suite of content designed to elevate comfort, convenience, and enjoyment on every drive. This package is available only after MMC activation and is valid for a period of 3 years.

*Feature needs activation via Mercedes me connect pairing.

TUNE IN.

Your phone holds much of your life: playlists, contacts, the apps you reach for without thinking. In the GLC, it connects wirelessly via Apple CarPlay™ or Android Auto™. Your favourite apps appear on the central display, as intuitive and convenient as ever. Step in, and the car already knows your world.

ON YOUR SIDE.

SAFETY

A SECOND SET OF EYES.

With Distance Assist DISTRONIC, the Lane Keeping Function and Manoeuvring Assist, the GLC can hold its distance in traffic, keep its line on the open road and ease into the tightest of spaces.

With Blind Spot Assist, Blind Spot Assist Plus and Exit Warning, the GLC can see what the mirror cannot, whether you are changing lanes or stepping out at the kerb.

With Brake Assist, the Evasive Steering Function and the Emergency Stop Function, the GLC can act in the moments no one rehearses, from a sudden stop to a swerve to the gravest emergency.

EVERY SPACE, A SPACE FOR YOU.

With MB.DRIVE PARKING ASSIST*, Parking Assist and the 360° camera, the GLC can find the space, glide in and pull out again, while the cameras display the vehicle's surroundings on the central display. Parking, for once, is the pleasant part.

With the virtual view, the reversing camera and PARKTRONIC, the GLC can see through its own bonnet, and sound out each obstacle as it nears. Nothing arrives as a surprise.

*Feature needs activation via Mercedes me connect pairing.

FIRST TO ACT.

Safety usually begins at impact. PRE-SAFE® begins just before it. Sensing an imminent accident, the GLC tightens seat belts, closes side windows and, with PRE-SAFE® Sound, helps protect the inner ear by muffling crash noise.

In case of impact detection, the GLC's communication module places an emergency call automatically, sharing your position and the estimated number of people involved, which can speed up rescue. Nothing is left to chance, least of all the safety of those on board.

SAFETY IS SCRIPTED IN.

Nine airbags guard the cabin, not one an afterthought. A centre airbag in the driver's backrest deploys on side impact, keeping driver and front passenger from meeting in the middle. The front passenger airbag senses its occupant: off for an empty seat or rear-facing child seat, no transponder required, and on for an adult.

GO THE DISTANCE.

Roads can be unkind. The GLC's tyre pressure control system flags any drop instantly. If a tyre still loses pressure, reinforced sidewalls carry you clear of tunnels and motorways to the nearest workshop.
MOE tyres allow the vehicle to be moving at up to 80 km/h, depending on load. For minor damage, TIREFIT seals the tyre, keeping you moving at up to 80 km/h. The GLC has your back, no matter what the road throws at you.

POWER AND POISE.

TECHNICAL SPECIFICATIONS & CHARGING

ALL ROADS LEAD TO POWER.

Access every major charge-point operator in India through a single account. MB.CHARGE Public works through the Mercedes-Benz App and MBUX, with postpaid billing and one invoice. On long routes, Navigation with Electric Intelligence plans stops around traffic and battery level, showing duration and cost upfront. As the network grows, so does your reach. Get complimentary AC Wall Mounted Charger Kit (Wall Box, RCBO & Junction Box) or trade it for 2500 kWh MB.CHARGE charging credits valid for 24 months. Choose the destination; the charging is already arranged.

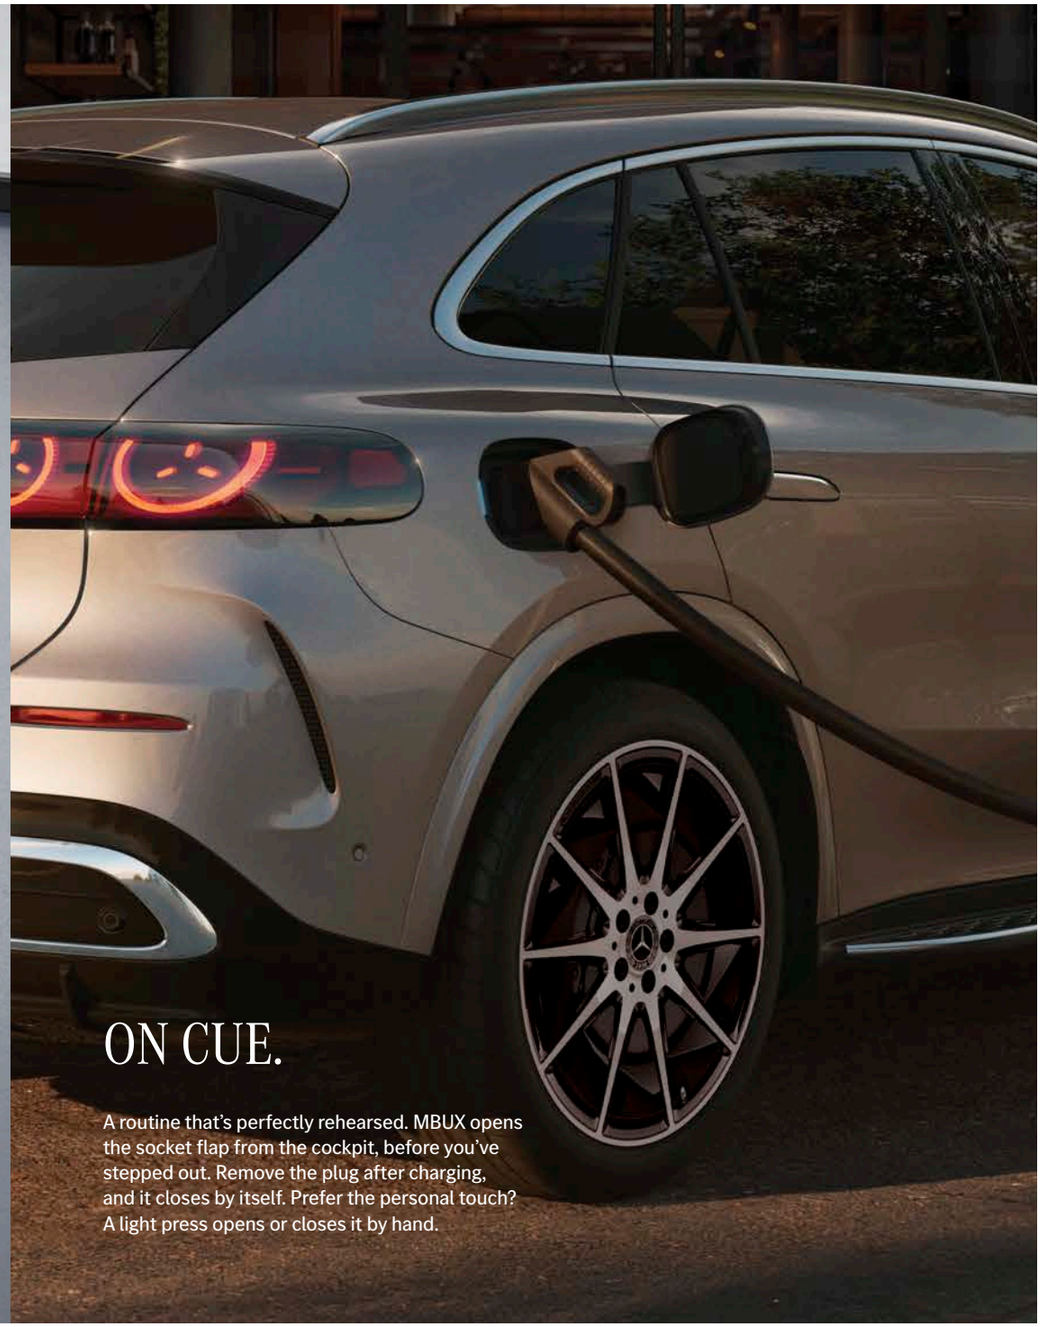

TIME IS OF THE ESSENCE.

Long journeys call for stops. The GLC keeps them brief. DC charging at up to 330 kW and AC charging at up to 22 kW give the high-voltage battery the best possible range in a short time. Step out, stretch, and charging is well underway. The road asks for distance; the GLC, very little time.

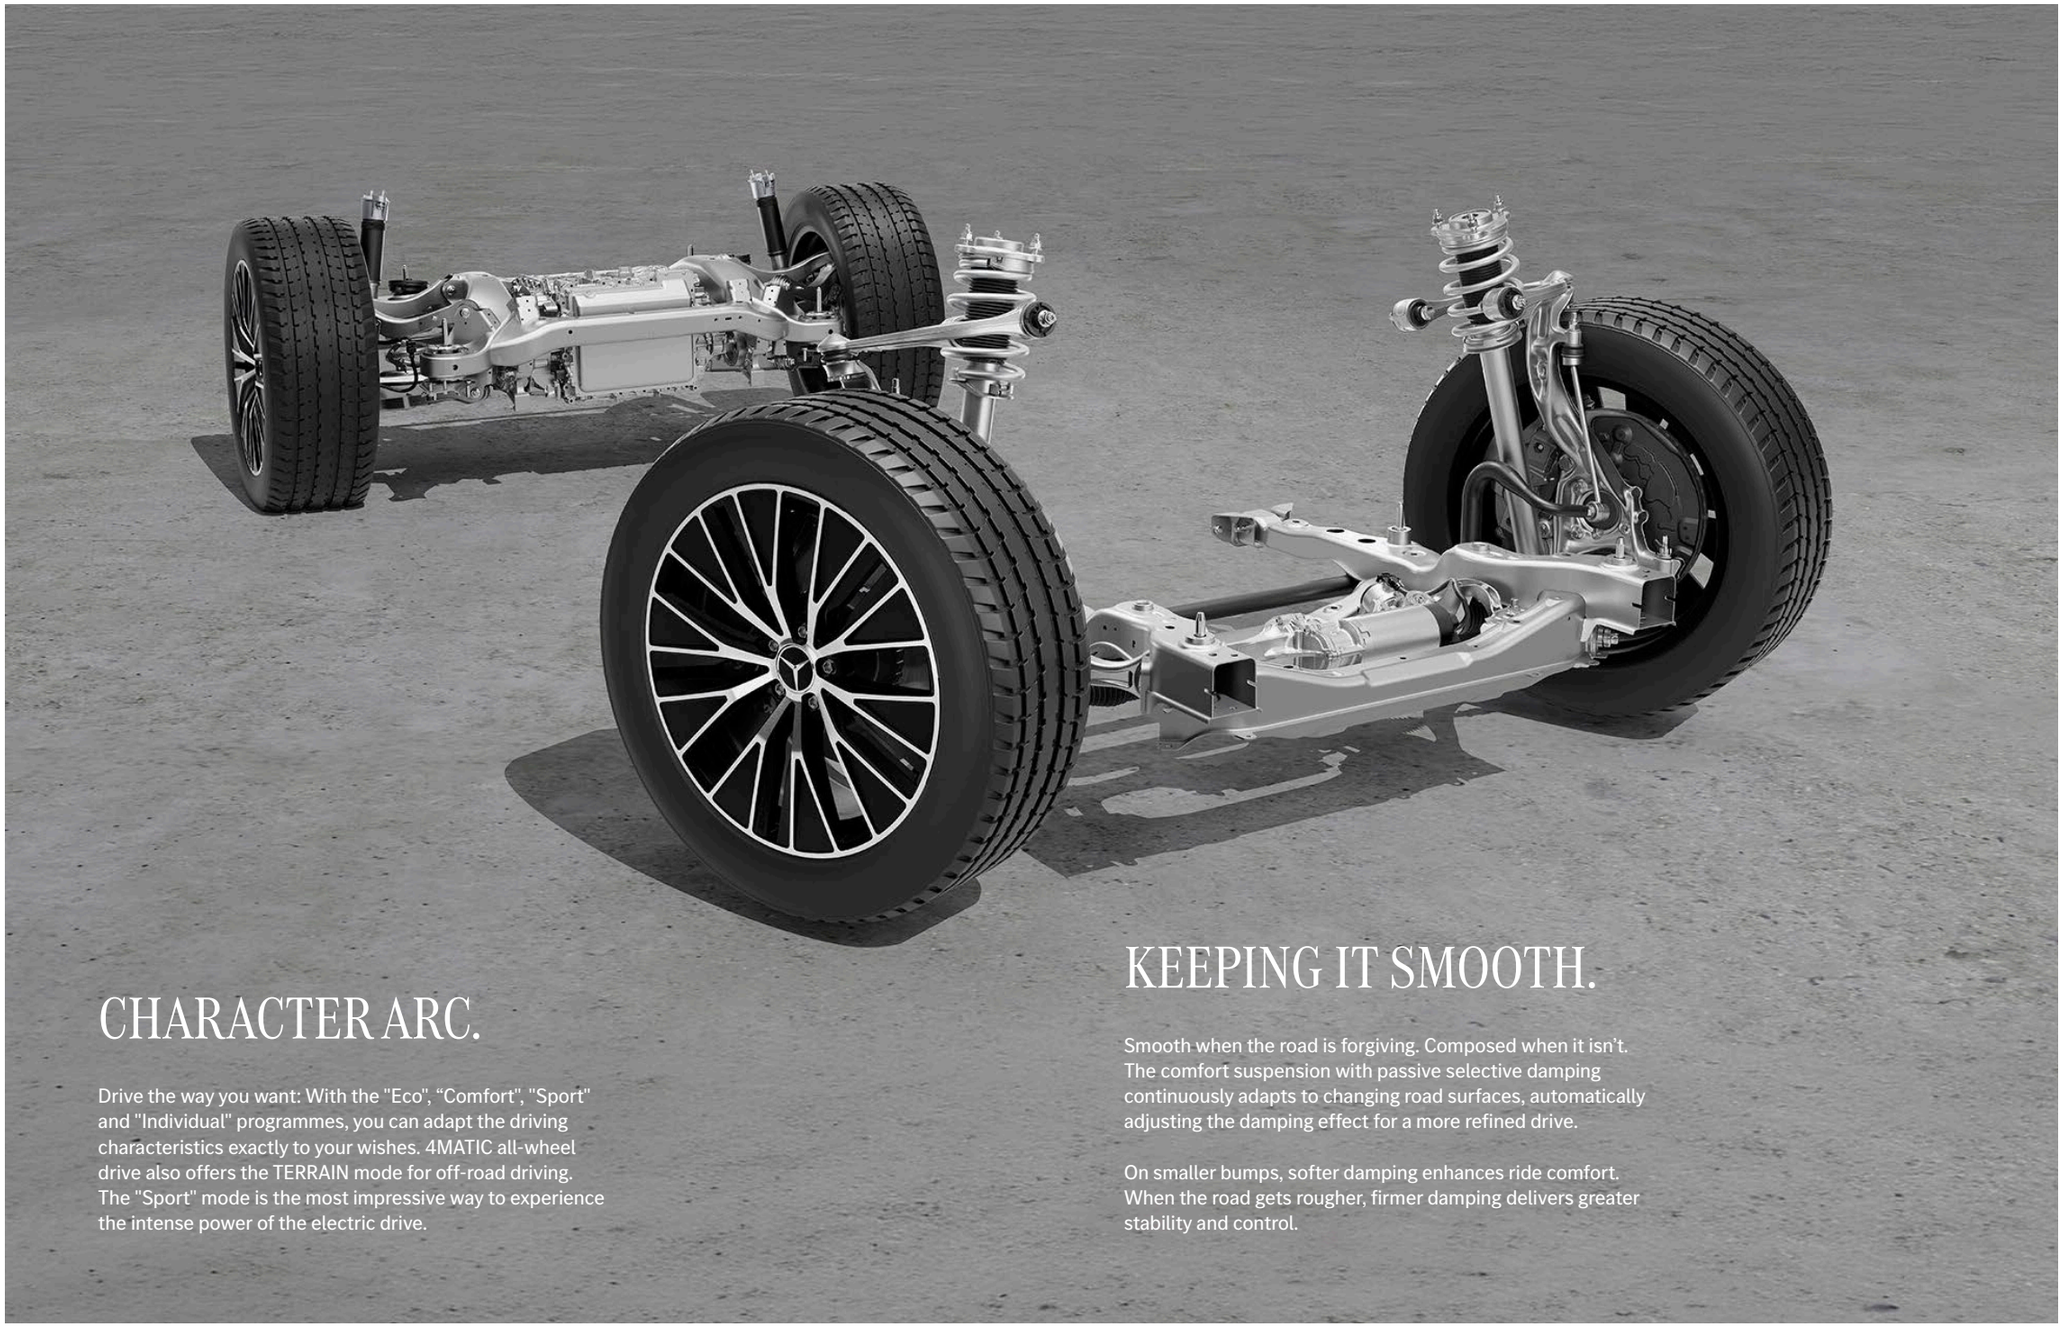

INTERMISSION.

The pause is a part of the journey. The Mode 3 charging cable makes it a graceful one. Plug into a wallbox or public charging station, and the battery draws up to 22 kW (Type 2, 3-phase, 32 A). The all-new electric GLC also comes with a 3-pin household AC charger. Even time off the road doesn't feel like an interruption.

ON CUE.

A routine that's perfectly rehearsed. MBUX opens the socket flap from the cockpit, before you've stepped out. Remove the plug after charging, and it closes by itself. Prefer the personal touch? A light press opens or closes it by hand.

CHARACTER ARC.

Drive the way you want: With the "Eco", “Comfort", "Sport" and "Individual" programmes, you can adapt the driving characteristics exactly to your wishes. 4MATIC all-wheel drive also offers the TERRAIN mode for off-road driving. The "Sport" mode is the most impressive way to experience the intense power of the electric drive.

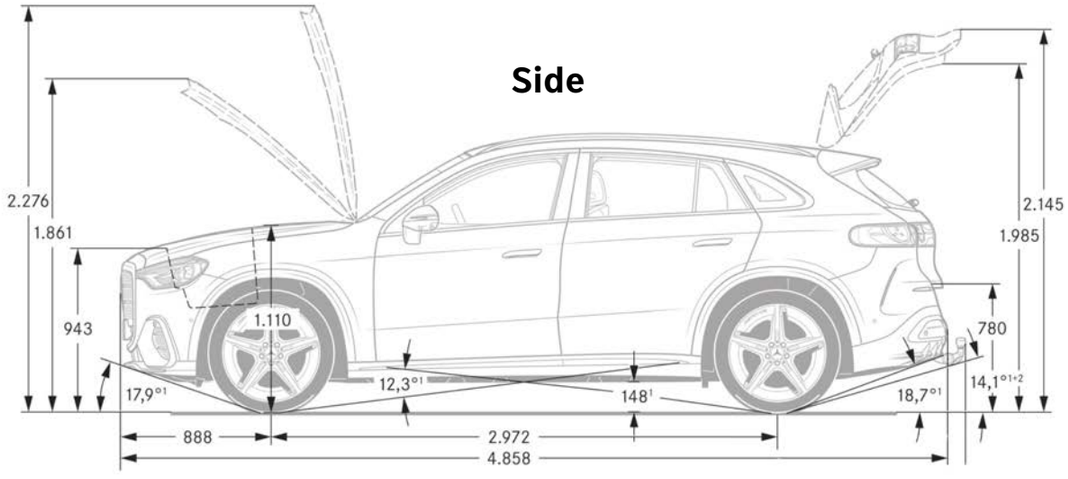

KEEPING IT SMOOTH.

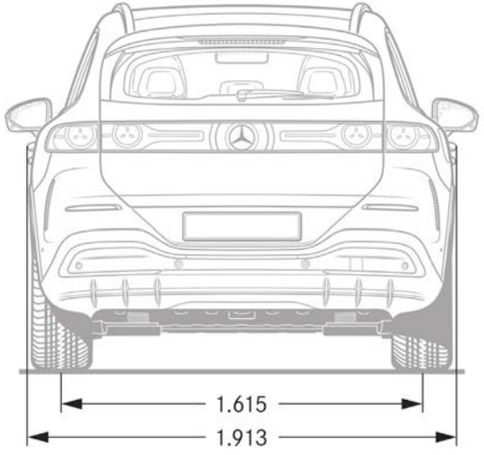

Smooth when the road is forgiving. Composed when it isn't. The comfort suspension with passive selective damping continuously adapts to changing road surfaces, automatically adjusting the damping effect for a more refined drive.

On smaller bumps, softer damping enhances ride comfort. When the road gets rougher, firmer damping delivers greater stability and control.

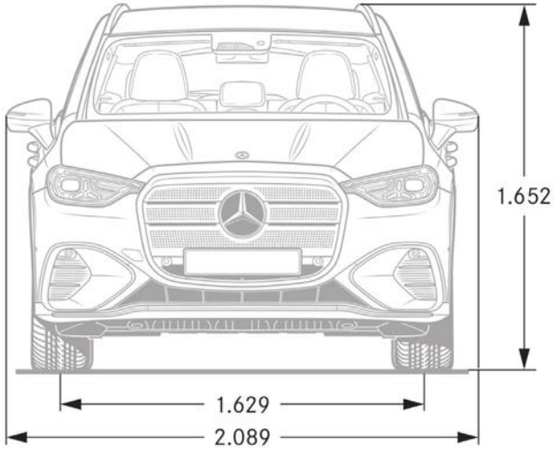

TECHNICAL DATA.

	GLC 400 4MATIC ELECTRIC
Drive Concept	Dual-motor AWD
Battery	94 kWh
Power	360 kW / 489 hp
Torque	800 Nm

DIGITAL EXTRAS: ON TOP SERVICES.

MB.DRIVE ASSIST
Steering Assist

Mode of Operation: Steering Assist uses detected lane markings to determine the vehicle's steering direction. Depending on the driving conditions, vehicles ahead may also serve as a reference for guidance. If Steering Assist is unable to provide steering support, the system will issue a warning prompting the driver to take over steering.

Hands-On Detection: Capacitive sensors integrated into the steering wheel continuously monitor whether the driver's hands are on the steering wheel. If the system detects that the driver's hands are not on the steering wheel, it will issue a warning prompting the driver to place their hands back on it.

GUARD 360° Vehicle Protection
Vigilant Protection

You want to keep a close eye on your Mercedes-Benz at all times. Several warning and notification functions help you monitor your vehicle and keep you informed.

A visual and audible alarm is triggered if an attempted break-in or a change in the vehicle's position is detected, for example, if someone attempts to tow it away. If your parked vehicle is involved in a collision, a collision notification is displayed on the central display the next time you start the engine. If your Mercedes-Benz is equipped with a 360° camera, it can also provide a visualisation of the vehicle's surroundings at the time of the collision.

GUARD 360° Vehicle Protection Plus
Theft notification, parking
damage detection & Snapshots Inside

A smartphone notification alerts you in real time if your vehicle is moved or disturbed. The Mercedes-Benz App also provides details about the cause of the alarm, as well as the severity, location and time of the detected damage. If potential parking damage is detected, this information is also displayed on the multimedia system when you next enter the vehicle.

Are you on holiday and want to make sure everything is in order with your Mercedes-Benz? Simply check remotely using the camera integrated into your vehicle. You can capture up to two snapshots of the vehicle's interior per hour and view them conveniently via the Mercedes-Benz App.

GENUINE ACCESSORIES & COLLECTIONS.

SAFETY & SECURITY

Stay prepared for unexpected tyre situations with a spare wheel, helping you continue your journey with greater confidence and convenience.

EXTERIOR ENHANCEMENT & WHEELS

Elevate your vehicle's presence with premium exterior styling and wheel upgrades, featuring the AMG and Mercedes-Benz pattern LCD projectors, roof spoiler, stylish alloys, hub caps, and valve caps for a bold, head-turning finish.

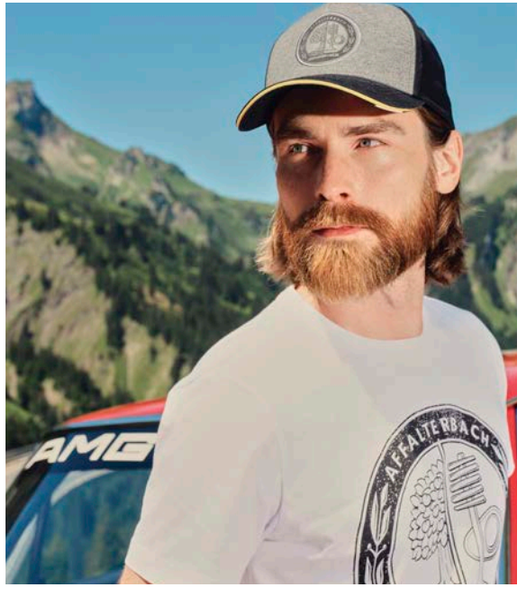

INTERIOR ENHANCEMENT

Make every journey more convenient with practical accessories including a spacious roof box for added storage and floor mats designed for everyday protection and functionality.

TRAVEL ESSENTIALS

Travel smarter with essentials like secure child seats, a handy cool box, and practical add-ons for added comfort on every journey.

COLLECTIONS

Explore our exclusive AMG and Mercedes-Benz collections, featuring premium lifestyle merchandise like T-shirts, caps, key rings, mugs, and more to showcase your passion beyond the drive.

SERVICES

SERVICE AS SEAMLESS AS THE DRIVE.

ADVANCE ASSURANCE PROGRAM

Extended warranty for long-term peace of mind

Continue your ownership journey with confidence beyond the standard 3-year warranty. The Advance Assurance Program extends warranty coverage up to 6 years at a nominal cost, ensuring sustained protection and worry-free driving.

STAR EASE

Predictable maintenance. Exceptional value.

STAR Ease maintenance packages offer fixed-cost servicing based on model, mileage and tenure. Enjoy freedom from service-related surprises, along with benefits such as priority handling, reduced waiting times and faster service processes.

MOBILO

24x7 on-road assistance, wherever you go.

Mobilo provides round-the-clock roadside assistance for complete mobility assurance. Included as a standard for 3 years and extendable up to 8 years, it includes benefits such as towing support, replacement vehicle and hotel accommodation when required.

DIGITAL SERVICE DRIVE

Convenient. Transparent. Hassle-free.

Designed around your schedule, Digital Service Drive ensures seamless service experiences with enhanced transparency and customer-friendly processes, so your vehicle care is always effortless.

PREMIER EXPRESS PRIME

Comprehensive service delivered faster

For customers who value time, Premier Express Prime enables quicker service turnaround without compromising on quality. A brief visit, a thorough service. Available at selected locations.

MERCEDES-BENZ GENUINE PARTS

Engineered for your Star

Crafted to exact Mercedes-Benz standards, Genuine Parts preserve performance, safety and comfort. Backed by a warranty of up to 2 years, they ensure reliability and long-term ownership confidence. Terms and conditions apply.

MERCEDES-BENZ APPROVED TYRES & ALLOYS

Optimised for performance and safety

Approved tyres are precisely matched to your vehicle's dynamics, while approved alloys enhance both performance and visual appeal ensuring every drive remains safe, comfortable and engaging.

MERCEDES-BENZ GENUINE CHEMICAL PRODUCTS

Tested, approved & environmentally responsible

Specially developed to meet Mercedes-Benz material compatibility and quality standards, these products support your vehicle throughout its lifecycle while complying with stringent environmental norms.
